Free BUY/SELL Oscillator

User Guide

About the Indicator

Free Buy/Sell Oscillator is a great trading tool designed for generating accurate and profitable BUY/SELL signals. It works on all timeframes and currency pairs to ensure that you will get the best results possible while using it.

This indicator was designed by Green Forex Group. We specialise at creating Forex tools that really take your trading to the next level. This software, Free Buy/Sell Oscillator, was designed to help all those people who only begin their trading journey and also for those who are already experienced traders but still need this extra something to achieve even better results.

There are lots of different indicators available on the internet for free. However, not all of them are good and effective. Trying each of them would take months of your life. That's why we designed our own indicator for our members.
Save you time on searching for trading tools and start a risk-free trading today. Wishing you safe and profitable trading.

Yours, Rita Lasker

Important Features

Platform:

MetaTrader4

M1, M5, M15, M30, H1, H4, D1

Currency Pairs:

All major currency pairs

Installation

1. Unzip the file you've downloaded.

2. There you have the following file: FreeBuySellOscillator.ex4

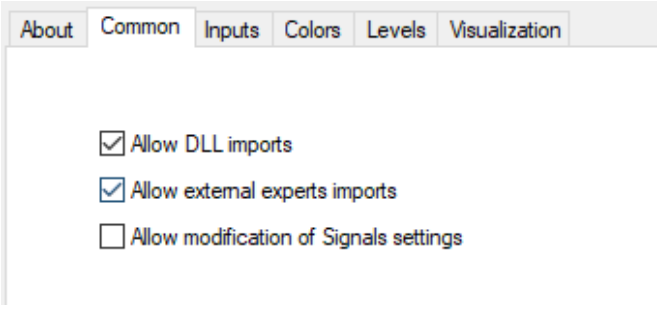

3. Open your MT4.

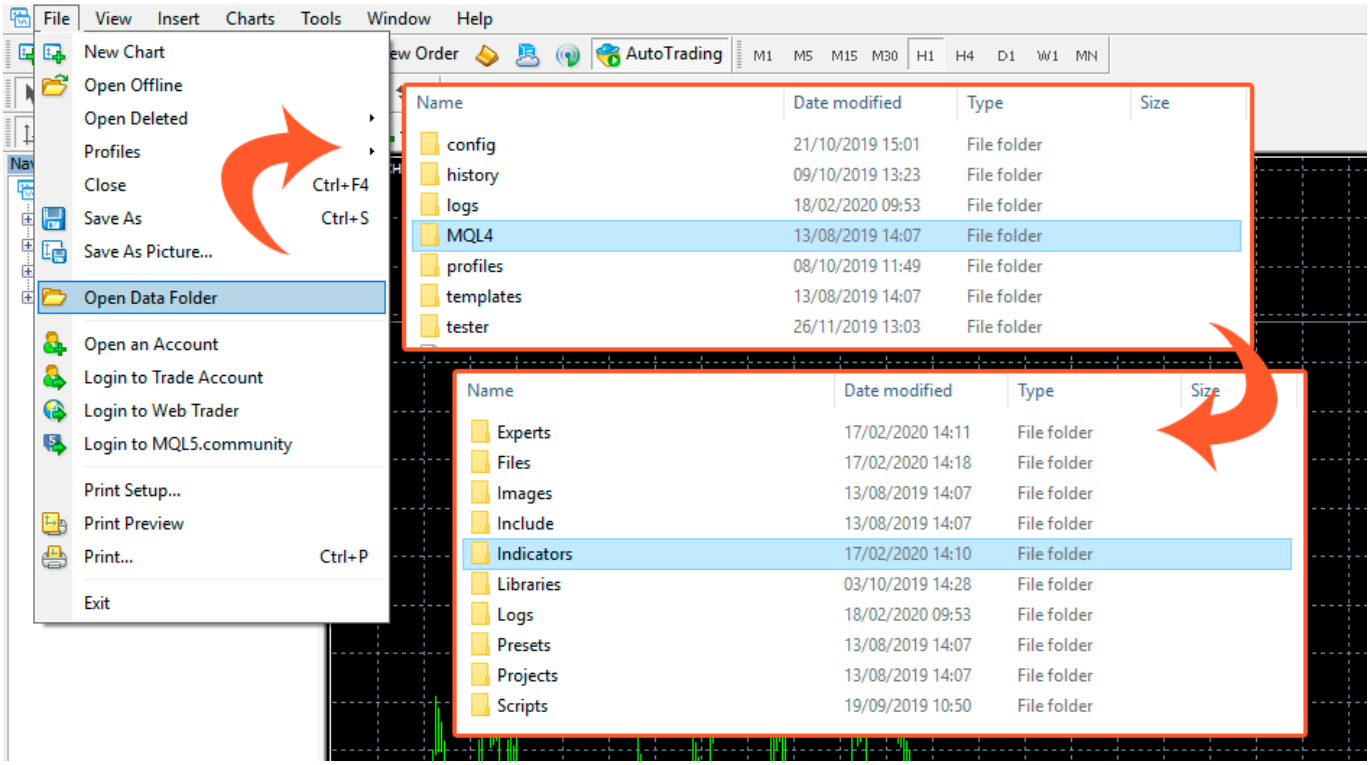

4. Go to "File – Open Data Folder – MQL4".

5. Copy "ex.4" from the folder you've downloaded and paste it into the "Indicators" folder in MQL4.

6. Restart the MT4.

In order to attach the indicator, drag and drop it to the chart of your choice. Then enable two options as shown below and click OK.

Entering and Exiting the Trade

Enter trades as soon as the line of the histogram crosses the center line.

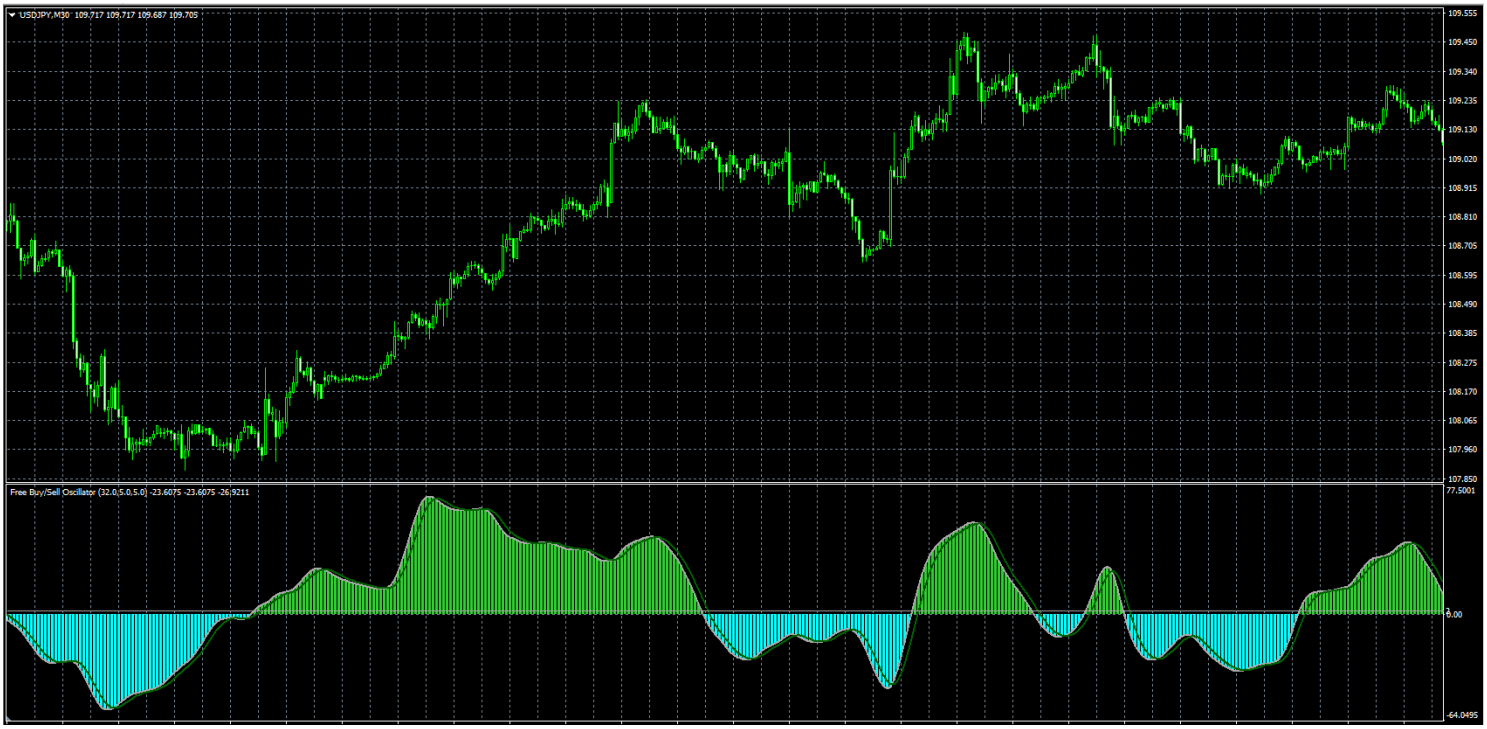

If histogram line crosses the center line from below, open your **BUY** order.

If histogram line crosses the center line from above, open your **SELL** order.

Exit trades as soon as the signal changes (the histogram line crosses center line again).

If histogram line crosses the center line from above, close your **BUY** order.

If histogram line crosses the center line from below, close your **SELL** order.

BUY signal is shown as a green field on the oscillator, SELL signal is shown as a blue field on the oscillator.
