STRATEGIES

[9/29, 7:08 PM] m...fx: SIMPLE OVER/ UNDER STRATEGY USING DERIV ANALYSIS TOOL
1.when digit 0 is 12% and above trade under 3,4,5 and safety trade under6
2. When digit 1 is 12.1% and above trade over 4 and for safety trade over 3
3. When digit 2 is 12.3% and above that is match prediction 0
4. When digit 4 is 12% trade under 5 and 6
5. When digit 5 is 12.2% and above trade over 3 and 4
6. When digit 6 is 12% and above trade under 5 and under 6 and for safety trade under 7 with proper risk management
7. Digit 7 has 2 xtics:-when 12% and above

trade over 4

:-when 13% and above trade over 7 and 8

8. When digit 8 is 12% and above trade over 3 and 4

9. When digit 9 is 12% and above trade over 4 and for safety trade over 3

[9/29, 7:09 PM] m...fx: NB: before trading with the above check their rivals...% gap should atleast be of 0.3 to 0.4

[9/29, 7:10 PM] m...fx: Apo juu siha ongelea digit 3...so according to what I've learnt...is any odd number above 12% and obove try trading over 3
